

## ARDEA BRUT ROSÉ ORGANIC

From time to time, our ancestors discovered some strange birds in the sky that they had never seen before. Today, the names of these birds inspire this collection of wonderful rarities.

Rara Avis, cavas of singular locations, where the environment, the vineyard and viticulture join forces to offer unique conditions.

Because nature is generous to those who know how to grasp its wonders. Sometimes they are hidden, but often it is just about learning how to look in a different way.
